Welcome!

We are so excited that you can join us this evening for a great night of music making. We have all kinds of different styles, moods, and moments for you to experience tonight, but none of happens without the support of so many people. Special thanks need to go out to our great team of administrators led by our Principal Kevin Ahern who have been so supportive of the arts at the Monte Vista. Also, to the great team of Visual and Performing Arts teachers that I have the pleasure to work with daily. A HUGE thanks to the Monte Vista Keynoters boosters that give an incredible amount of support and time to the program and these amazing students. Marching Band, Jazz, Concert, Orchestra....all benefit for the efforts of this group and I encourage everyone in the Monte Vista community to become a member and volunteer your talents and ideas to help us keep the momentum going strong!

Please enjoy the music we have prepared for you, and we will look forward to seeing you at future performances here on campus and out in the community!

Sincerely,

Ed Cloyd

Director, MVHS Music Department

THANK YOU from Keynoters President

What a wonderful way to conclude the Fall Semester - gathering together as a community to listen to these wonderful student musicians perform. Thank you to all of the volunteers who have contributed so far this year, you have been so instrumental in keeping our Fall programs running smoothly. The Marching Band and Color Guard had an exemplary season, bringing home multiple First Place trophies, Sweepstakes awards and making memories that will last a lifetime. Jazz A took home the First Place Sweepstakes at their first competition of the year, and we have many more trips and events coming up in 2024. None of this is possible without your help, whether it is dropping of a requested donation or driving for a carpool - the time spent supporting these students in their musical journeys is so very rewarding.

Sincerely,

Erica Chretien
